

**Dentrix Ascend Online Payments helps you:**

- Give patients a simple payment process that doesn't require a call to your office
- Maintain cash flow by enhancing eStatements functionality

**DENTRIX ASCEND ONLINE PAYMENTS**

Dentrix Ascend now features an emailed payment link to help streamline your billing and collections process

---

**SAVE TIME, MONEY AND EFFORT**

Patients often don't pay the entire amount that is owed at the time of service, so dental practices are left carrying the outstanding balance. Additionally, many practices only send billing statements weekly or monthly via mail, which is not effective in driving immediate cash flow and means you must buy printing supplies and postage.

Dentrix Ascend Online Payments\* enhances your eStatements functionality by enabling you to include a payment link in your emailed statement. Now you can help your practice collect from patients faster to maintain cash flow and create a more efficient payment experience for your patients and staff.

With this combined solution, you can send electronic statement notifications directly to patients via an email at any time, providing them with a simple way to view statements, pay balances and print receipts at their convenience. Because patients need less assistance, your staff can focus on patient care in office.

**“Dentrix Ascend is constantly evolving to meet you and your patients billing and payment needs. Now your patients can pay in a very convenient and secure manner when receiving an electronic statement. The best part is that these payments write directly to the patient’s ledger.”**

## THE POWER OF ESTATEMENTS

Dentrix Ascend eStatements allows you to maintain your practice’s cash flow while being in control over communication with patients. Additionally, sending statements electronically means you won’t incur any delivery costs should you need to rebill or resend a statement.

With eStatements, you can customize statements with personal messages and suppress delivery for specific patients for a comfortable and customized patient experience that allows you to still be paid when needed.

## BENEFITS

### Save Time and Effort

Streamline your workflow and simplify your billing and collections process with Dentrix Ascend Online Payments, a feature of eStatements. With this solution, your patients can pay online — without calling your practice — to save your staff time.

### Give Patients the Convenience of Paying Online

Show your patients you respect their time by giving them a convenient and quick way to pay.

### Maintain Cash Flow

Dentrix Ascend Online Payments enhances the functionality of eStatements to help your practice collect from patients quicker so you can better maintain cash flow to your practice.

## KEY FEATURES

### PAYMENTS AUTOMATICALLY POST TO ASCEND LEDGER

The Dentrix Ascend Ledger is fully integrated with Dentrix Ascend Online Payments. Once a patient makes a payment, your ledger will automatically post the update in real time.

### UNIQUE PAYMENT LINKS

When you enable the Dentrix Ascend Online Payments functionality in eStatements, you’ll be able to include an online payment link in the statement notifications you send so your patients can easily access the payment portal.
