

**Dentrix Ascend Voice Perio:**

- Simplifies the recording of perio results for the hygienist
- Helps improve infection control for staff and patients
- Improves overall speed and efficiency
- Reduces costs for perio exams
- Helps educate patients
- Improves treatment acceptance

DENTRIX ASCEND® VOICE PERIO

You can improve the speed and efficiency of perio exams

TOUCH-FREE AND ASSISTANT-FREE

Dentrix Ascend Voice Perio, powered by Bola AI, speeds up the process of recording perio exams while providing greater efficiency for your hygienists. Dentrix Ascend Voice Perio eliminates the need for manual entry, allowing hygienists to verbally record perio exam results—touch-free and assistant-free.

And it couldn't be easier to set up—a rapid install provides your hygienists with a streamlined, affordable method of recording perio exams. The fast learning curve means they can be up and running in minutes.

SAFER AND EASIER

Current health concerns have heightened public awareness about reducing the spread of illness. Dentrix Ascend Voice Perio provides your practice with touchless, assistant-free technology that helps reduce infection risks for staff.

The hands-free design of Dentrix Ascend Voice Perio means hygienists don't have to enter perio scores manually during an exam or rely on an assistant in the operatory. This saves time and can improve patients' feelings of safety and confidence during exams.

When patients feel safer, they have greater confidence in and esteem for your practice—which can increase patient retention and treatment acceptance, resulting in more patient referrals. Dentrix Ascend Voice Perio also improves infection control with recording devices that are easy to disinfect between patients.

CALL US TODAY AT 833.287.1145

Or visit DentrixAscend.com/Voice-Perio to get a Dentrix Ascend Voice Perio trial at no charge, and learn how to speed up and simplify your perio exams.

Dentrix Ascend Voice Perio can be your hygienist's assistant with easy verbal recording of exam results. Streamline perio exams by giving your hygienists an extra hand without the costs of extra staff.
