

**Dentrix Ascend Pay:**

- Is a tested and authorized cloud-based payment solution from Henry Schein One, and is powered by Worldpay, a global-leading credit card processor.
- Automatically posts to Dentrix Ascend Ledger, saving steps and time
- Accepts all popular payment types (credit, debit, EMV, HSA and FSA cards, NFC contactless, Apple Pay, etc.)
- Allows you to print receipts at time of payment
- Enables you to view and print original credit card payment and refund receipts from Dentrix Ascend

## DENTRIX ASCEND™ PAY

Give your patients a convenient way to pay

### WORK SMARTER AND FASTER

Dentrix Ascend Pay gives your practice an integrated payment solution to process all popular payment types efficiently and accurately. Dentrix Ascend Pay saves valuable time for your staff because payments are automatically posted to the Dentrix Ascend Ledger, which also eliminates potential double-entry errors. With Dentrix Ascend Pay, you can immediately handle ledger-based voids and refunds of transactions — streamlining the process and helping you to avoid additional merchant fees.

### CONVENIENT PAYMENT OPTIONS

Patients expect convenient and flexible payment options, and you want to be paid at the time of service. Dentrix Ascend Pay gives your practice an integrated payment solution that efficiently processes all popular payment types. Dentrix Ascend Pay allows practices to securely accept EMV (chip cards), credit cards, debit cards, FSA and HSA cards, even Google Pay or Apple Pay — providing convenience and flexibility to patients. And payments are automatically posted to the ledger and the patient's account — eliminating double entry (and potential errors) while speeding up check-out. Payments are also automatically posted to the ledger when patients pay online through the Dentrix Ascend Online Payments feature in eStatements. This feature requires a merchant ID (MID) account with Worldpay from FIS, a Dentrix Ascend partner, which Dentrix Ascend Pay customers receive at no extra cost.

## CONTACT-FREE CHECKOUT

Stopping the spread of viruses is on everyone's minds. Dentrix Ascend Pay offers contactless transactions that post directly into Dentrix Ascend. When patients check out, their contact can be limited to tapping, inserting or swiping their cards when the office staff presses the buttons on the payment device for them. And, with the choice of using Apple Pay, Google Pay or another digital wallet solution, patients can have completely contact-free checkout.

## KEY BENEFITS

**POSTS ALL PAYMENTS** to your Dentrix Ascend Ledger because Dentrix Ascend Pay is integrated into your normal workflow

**ELIMINATES DOUBLE ENTRY** and potential errors

**SIMPLIFIES THE PROCESS** of voids and refunds that can be complicated and helps you avoid additional fees

**GIVES PATIENTS FLEXIBILITY** and allows you to be paid at the time of service

**OFFERS YOUR PRACTICE A SINGLE POINT OF CONTACT** for Dentrix Ascend and Dentrix Ascend Pay service and support—and there is no additional software to buy, upfront setup costs or registration fees. (Hardware for credit card payment processing sold separately)

**PROVIDES CONVENIENCE FOR ALL PARTIES** by allowing patients to make payments from their online statements when you have a merchant ID with Worldpay from FIS for eStatements, no need to contact your office and their payments automatically post to the Dentrix Ascend Ledger

## KEY FEATURES
